

CUSTOMFLEX® ARTIFICIALIRIS: Photo of the Month - May 2019

Samuel Masket, MD

Pre-Op OD

Photo from untreated fellow eye used as template for manufacture of the CUSTOMFLEX®ARTIFICIALIRIS.

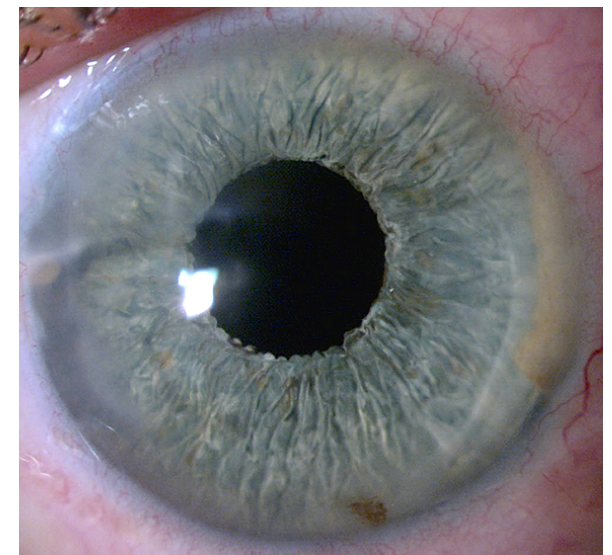

Pre-Op OS

49 y.o. woman sustained perforating corneal injury to left eye in 1980.

Left eye - CF VA

- Advanced nuclear cataract
- Zonulopathy

Post-Op OS

Excellent color-match to right eye. The CUSTOMFLEX®ARTIFICIALIRIS was placed in the bag, and the post-op BCVA was 20/25.

Dr. Samuel Masket is a founding partner of Advanced Vision Care, and Clinical Professor of Ophthalmology at David Geffen School of Medicine, Jules Stein Eye Institute, UCLA.
